

School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

School Name

Landau Elementary School

Address

30310 Landau Blvd.
Cathedral City, CA 92234-5200

County-District-School (CDS) Code	33-67173-6107601
Principal	Wendy Meka
District Name	Palm Springs Unified School District
SPSA Revision Date	7/1/2023 - 6/30/2024
Schoolsite Council (SSC) Approval Date	October 10, 2023
Local Board Approval Date	November 14, 2023

This certifies that updates to my SPSA are completed

In the pages that follow, please describe the school's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs.

School Vision and Mission

It is Landau Elementary's mission to prepare our students for the rapidly changing world, while implementing innovative practices within a positive and engaging atmosphere.

The vision at Landau Elementary is to build a strong school community by developing partnerships with families. We provide rigorous academic learning and utilize progressive technology to promote critical thinking and problem solving skills. Our collaborative teaching practices are both reflective and responsive, while maintaining enthusiasm about the teaching and learning process. We have a personal commitment to each student to create and maintain a safe learning environment by fostering positive social-emotional growth to ensure that each student has the opportunity to pursue their life goals.

In order to achieve the shared vision of our school, Landau Elementary staff have made the following collective commitments:

We will engage in open, two-way communication with families by providing ongoing information about their children and offer specific ideas or resources to help families become full partners in their child's education.

We will plan and implement effective differentiated instruction and strategies to meet the unique needs of each student in small and whole group environments and make changes to keep students engaged and challenged.

We will commit to provide intervention and enrichment opportunities.

We will actively participate in positive and productive professional learning communities which focuses on student achievement.

We will collaborate with our team using evidence of student learning and common data to improve our instructional practice to meet the needs of each student.

We will commit to create and use results of ongoing common assessments to drive instruction.

We will continue to learn about new technology practices and incorporate these practices into our daily lessons to create 21st century learners.

We will agree to use the common language about behavioral expectations and consistently reinforce using our social-emotional curriculum.

We will agree to have a growth mindset and hold ourselves accountable to be a positive role model for all students.

We will contribute to a culture of celebration by acknowledging the efforts and achievements of our students and colleagues as we continually strive for even greater success.

School Profile

Landau Elementary School is located in Cathedral City, a community adjacent to Palm Springs. As one of 16 elementary schools in the Palm Springs Unified School District, Landau serves approximately 600 students in grades Transitional Kindergarten through five in regular education and special education settings. Landau opened in September 1988, and operates on a traditional schedule.

The School Plan for Student Achievement is updated annually by the Landau School Site Council. Our school evaluates the effectiveness of our School Plan after SBAC test scores are released at the beginning of each year, and our School Site Council and other leadership groups have had the opportunity to review and analyze all student achievement data. Monitoring comments will be added to our School Plan throughout the year. Revisions to our School Plan, and subsequent Board approval will occur if there are substantial budget and/or material changes during the school year.

Landau Elementary School, Palm Springs Unified School District, and the California Department of Education have a shared responsibility for the education of all students, that is supported by each entity through academic standards, accountability measures at the site, district, and state level, monitoring of programs for all students, including English Learners and those with special needs at all levels, funding support and established budget processes, and personnel support.

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

- Additional Targeted Support and Improvement
- SWD (ELA and math) and White (chronic absenteeism)

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Landau Elementary's School Site Council (SSC) meets regularly during school year to review and update the school plan including proposed expenditures of Title I funds. School goals are based upon comprehensive needs assessment that includes the analysis of verifiable state data, including information displayed on the CA School Dashboard. Other district and school data, including interim and common formative assessments, are utilized to further measure and monitor achievement throughout the school year. School goals are aligned with PSUSD LCAP goals and include the same metrics/indicators. Input and advice is solicited from school advisory committees including the ELAC and School Leadership team. The Landau School Plan addresses how LCFF and Title I funds will be used to improve the academic performance of all students and close student group achievement gaps.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

SSC Election Dates and Results:

- Staff Classified and Certificated Nominations were solicited during a staff meeting on September 7, 2022. Nominating themselves were Shelly Dow and Chelsea Casillas (certificated) and Janette Orozco (classified). Voting occurred through a Google Form and was due by 9/20. Three new staff members were elected: Shelly Dow, Chelsea Casillas, and Janette Orozco.
- Parent Nomination forms were posted via Class Dojo as a Google Form on 9/9/22 and due on 9/13/22. The ballots were sent home in the same manner on 9/13/22 and due on 9/20/22. Two new parents were elected: Krystal Franz-Wilson and Alicia Ford. No other parents were nominated.

SSC Meeting Dates and Topics:

- September 21, 2022 – SSC Training
- October 4, 2022 - Review and approve bylaws, elect officers, 3-way compact, and Parent Engagement Policy, discuss SPSA updates
- March 30, 2023 – Discuss STAR Data, ATSI, Panorama Survey results, 2023 purchases and SPSA review, 2023-24 budget with discussion of needs
- April 27, 2023 - LCAP input discussion (district presentation), ATSI SSC needs assessment and root cause input/discussion, review and discuss 2022-23 SPSA, and recommendations for 23-24 actions. Approve 23-24 SPSA

ELAC Meeting Dates and Topics:

- September 19, 2022 - Purpose of ELAC, representative voting, establish meeting dates and times
- November 2, 2022 - Student attendance, school inventive program, upcoming events on campus
- February 2, 2023 - Panorama Survey, ELPAC testing, academics/curriculum, upcoming parent conferences
- March 16, 2023 - Reviewed purpose and goals of ELAC, importance of reading, how to log onto Clever and access student resources

Meetings for ATSI input:

- April 26, 2023 - Leadership Team and SPED team - ATSI needs assessment and root cause input/discussion for SPED and White Chronic Absenteeism; for each area there was a brainstorming session followed by a 5-whys activity to establish a solution

- April 27, 2023 - SSC - ATSI needs assessment and root cause input/discussion for SPED and White Chronic Absenteeism; for each area there was a brainstorming session followed by a 5-whys activity to establish a solution

Based on The evaluation of the implementation and effectiveness of the SPSA Actions and the review of the California School Dashboard, district benchmarks, and Panorama Survey Input, the SSC recommended the following in regards to the 22-23 SPSA:

- Maintain current positions and programs as in 22-23
- Add to the existing goal for Professional Development in Goal 1 to include additional curricular support for SPED teachers (per ATSI meetings)
- Add to Goal 3 to include SART meetings and recognition for improved attendance (per ATSI meetings)

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Through our needs assessment we identified a resource inequity within our Students with Disabilities group. Based on 2022 CA School Dashboard results, our EL students are performing 60 points below our All Students group in ELA and 51 below are All Students group in math no specific actions or expenditures were specifically focused at this student group. 2022-23 STAR test results indicate a continuing differential for SWD students in both reading and mathematics. Our 23-24 plan, we have addressed this inequity through two specific actions as a result of ATSI meetings with stakeholders:

- SWD - Goal 1: To support SWD, ensure that Special Education teachers receive targeted professional development to ensure rigorous, best first instruction aligned to the state standards in math and ELA. This would include release days for SPED teachers to discuss instructional strategies and curriculum. The SPED team will also work to better inform and educate parents on the components of their child's IEP and one-on-one IEP follow-up discussions through our site SPED clerk funded by the district.
- Chronic Absenteeism - Goal 3: School Attendance Review Team (SART) will meet at least monthly with parents of students with at-risk attendance and create a watch list and communicate with teachers, with a focus on SWD and White subgroups as per ATSI. As a result of the identification of these students, teachers will support the SART process by following up with no more than three students via phone calls, messaging, etc. (the number will be individualized based on need). Students with increased attendance will be recognized. The school will also provide additional opportunities to inform parents monthly on communication platforms our attendance rate, information on attendance laws, and tips for students getting to school.

Needs Assessment – Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward SPSA goals, local self-assessment tools, stakeholder input, or other information, what progress is the school proudest of, and how does the school plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for student groups, including low-income students, English learners, and foster youth have led to improved performance for these students.

Suspension Rate Indicator - 2022-23 locally calculated data provided by the Student Services department indicates a rate of 0.0% at the time of plan writing.

ELA Indicator - 2022-23 Star test results indicate improvement in reading throughout the year with 61.7% of all students showing typical growth Our ELL students are outperforming the all-students group by showing a growth rate of 63.5%. The Star data shows that 20.2% of students projected to score at a level 3 or 4 on CAASPP compared to 16.8% in the fall screening window. Star Early Literacy test results indicate a 56.3% of the students are showing typical growth on the Winter assessment in compared to 40.7% in the Fall; that is an improvement of 15.6%.

Math Indicator - Winter screening window Star results showed improvement in mathematics with 57% of students showing typical growth. The winter Star data shows that 17.6 % of students are projected to

Reflections: Success

score at a level 3 or 4 on CAASPP - this is an improvement from winter of 21-22 where only 11.7% were expected to be proficient. That is an increase of 5.9% from last school year.

Supporting Actions:

To support students behaviorally the Administration, Behavior Para, Playworks Coach, School Counselor, and teachers work together to find alternate means of correction outside of suspension. This has resulted in zero suspensions this school year. There was an adjustment in the curriculum utilized by our Tier II intervention. The intervention teacher along with four bilingual aides delivered daily intervention to 84 students in the Fall and 97 during the Spring in grades K-5 using the Fountas and Pinnel program. They maintained progress monitoring throughout the school year and moved students in and out of the program as needed. In addition, teachers are targeting their own students for after school intervention to remediate skills missing as diagnosed through classroom assessments - 250 students were invited to participate which was funded by the Expanded Learning Department. About mid year, the teachers began supplementing phonics instruction to all students in grades K-3 and those missing phonics skills in grade 4 due to learning loss from the pandemic. The school received support days from the for all teachers to go through math lesson design with the Site Coach, District Math TOSA, and outside consultants to better diagnose and understand where their students are on the continuum of mathematical understanding in order to plan appropriate instruction to move students towards proficiency in the CCSS. There was also targeted focus on tier 2 vocabulary in K-5 and integrating SBAC question stems into daily lessons in grades 3-5.

These supporting actions will continue for the 23-24 school year.

Referring to the California School Dashboard, identify: (a) any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or any areas that the school has determined need significant improvement based on review of state indicators, local performance indicators or other local indicators AND (b) identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the school planning to take to address these areas of low performance and performance gaps?

ELA Indicator - Landau has four student groups that are in the Low Performance level as per the 2022 CA Dashboard (EL, Hispanic, Homeless, and SED) and one in the Very Low level (SWD) in ELA. In addition to this, our STAR data shows that there are significant gaps between our ELL students and All Student groups. Only 5.4% of EL's are projected to be proficient on the CAASPP in comparison to 20.2% of All Students. There is also a significant gap between our SWD students and our All Students groups. Only 10% of SWD's are projected to be proficient on the CAASPP in comparison to 20.2% of All Students. Landau has been identified as an ATSI school to come up with strategies to support our SWD population and help close the gap in ELA.

Math Indicator - Landau has four student groups that are in the Low Performance level as per the 2022 CA Dashboard (EL, Hispanic, Homeless, and SED) and one in the Very Low level (SWD) in math. Additionally, our STAR data shows there are significant gaps between our ELL students and All Student groups. Only 9.4% of EL's are projected to be proficient on the CAASPP in math in comparison to 17.6% of All Students. There is also a significant gap between our SWD students and our All Students groups. Only 9.9% of SWD's are projected to be proficient on the CAASPP in math comparison to 17.6% of All Students. Landau has been identified as an ATSI school to come up with strategies to support our SWD population and help close the gap in math.

Chronic Absenteeism Indicator - Landau has all five student groups that are in the Very Low Performance level as per the 2022 CA Dashboard (EL, Hispanic, Homeless, SWD, and SED). Overall Chronic Absenteeism is at 37.1%, indicating that this is an area of need for our school. This has affected all our groups, White 34.6%, ELL at 37.4%, and SWD at 38.9%. Even though chronic absenteeism has decreased in the past year, it is still significantly impacting those students' academic performance. Landau has been identified as an ATSI school to come up with strategies to support the attendance of our SWD and white student populations.

Supporting Actions

More thoughtful and targeted strategies for ELL students need to occur by all staff with a focus during PLC meetings on meeting the needs of these students. To support our academic ATSI group, SWD, there needs to be more tier 2 vocabulary and alignment to the standards occurring during pull-out RSP as well as self-contained SDC classes. Continue to give targeted professional development with SPED teachers to better align curriculum. Additional collaboration time with district SPED department to support more rigorous instruction in the classrooms. Landau will take a more targeted approach during PLC's to track and improve or modify instruction for SWD.

**Reflections:
Identified
Need**

To support chronic absenteeism for our ATSI groups (SWD and White) Landau will create and track attendance groups and celebrate students coming to school regularly and anchoring it to higher academic achievement. This tracking will be done by teachers, office staff, and administration to monitor attendance and provide support when needed.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
627	96.2	39.2	1.1
Total Number of Students enrolled in Landau Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	246	39.2
Foster Youth	7	1.1
Homeless	116	18.5
Socioeconomically Disadvantaged	603	96.2
Students with Disabilities	68	10.8

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	14	2.2
American Indian	1	0.2
Asian	8	1.3
Filipino	22	3.5
Hispanic	524	83.6
Two or More Races	10	1.6
Pacific Islander	1	0.2
White	47	7.5

Analysis

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Landau is still recovering from the lingering effects of the pandemic. A focus towards MTSS took place with vertical teams in both academics and SEL were formed. Leads guided groups discussing SBAC/STAR data, early literacy, intervention, tier 2 vocabulary, positive discipline systems, and school-wide rules (to name a few). Each MTSS vertical team met six times throughout the school year. SBAC scores from 2022 show that 41.4% of students were proficient in ELA and 30.5% in math. Additional data for grades 3-5 from the Math STAR Diagnostic shows that 17.4% of students (at the Winter benchmark) are projected to score proficient on SBAC as opposed to just 9.3% in Fall. In comparison to the Winter benchmark in 21-22, the students scored 3.4% higher this year. The ELA benchmark for grades 3-5 shows the same type of trend. A jump in projected proficiency from 18.9% in the Fall to 23.2% in Winter. There is also a +1% difference when comparing the scores from 21-22 to 22-23. Many students were targeted during our interventions by the District funded Intervention Teacher and 7 hour bilingual aide. Landau supplemented this program by adding additional bilingual aides to provide intervention groups for 3.75 or 5.75 hours daily following the same district funded program as the Intervention Teacher. Additional interventions were put in place starting during the 2nd trimester. After school intervention was quite substantial this year. There were 250 students that participated in one or more sessions that focused on math and ELA skills. Those classes were led by either the homeroom teacher or classified personnel that worked closely with the teacher to provide data-driven interventions. The majority of those students showed a slow, but steady growth with additional STAR measures as required. Because those students have significant learning delays, their data points are significantly below that of their peers which would not register as "typical growth" in the STAR data. Additional support for SBAC testing was provided to the teachers and students in grades 3-5. The Lumos program is designed to be integrated into instruction to give students additional SBAC-like practice on standards to support the instruction in the classroom. This program was purchased late in the year (January), but was embraced by teachers and the contents were utilized daily. Workbooks and the online component were purchased to give students additional experiences with the technology features of the SBAC.

Teachers have the opportunity for additional planning and data meetings throughout the school year. Teachers in grades one through three utilized this time for planning with the writing program, intervention planning, and making instructional decisions based on assessments as evidenced by their PLC agendas. Most grade levels could accomplish this work within their weekly PLC meetings.

Landau continued with on-site programs for robotics and art. The focus of the Technology Support Para was to provide enrichment and exposure to all students in coding which align to 21st century college and career ready skills. This staff member did lessons with all classes TK-5 every-other week. The focus of the

lessons were mainly coding with robotics and Little Bits (intro to electronics). Teachers reported a favorable opinion of the student engagement with 81% reporting very high student engagement during robotics class. Teachers also appreciated the problem solving (81%) and collaboration (81%) that robotics provided their students. An after school Robotics Club was formed in January which housed twenty 3rd-5th graders. Art classes were provided to all students TK-5 every 4 weeks. Students had the opportunity to use different mediums while creating landscapes and learning about topics such as perspective. The art instructor also integrated cultural art lessons as it reflected the students that attend Landau. In a survey given to the students, 87% of our students enjoy or really enjoy attending art class. Their top reasons are enjoyment of the projects (65%), they enjoy the instruction (64%), and they enjoy that they get to use different materials to create art (61%). Student engagement was high in these two enrichment classes with zero behavior referrals being given by either instructor. Another enrichment opportunity was for field trips. There were still issues scheduling trips due to lack of bussing availability and new restrictions post-COVID that were implemented at some locations. Once bussing issues became better towards the end of the year, our first graders were able to visit the Living Desert, the third grade went to Indian Canyons, and the fifth graders went to Idyllwild on a science-related field trip.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were a few major differences between the intended implementation and budget to meet the intended goal. Three major discrepancies led to an increased spending in materials and supplies. The first of which is the almost +\$20,000 difference in Bilingual aides from Title I. That was due to an almost year-long vacancy in that position. It was rectified by eliminating it in February and hiring a 5.75 hour split-funded (Title I/LCFF) bilingual aide that was filled. The second being a +\$13,000 discrepancy with spending on field trips and hosting a 5th grade science camp on campus. As mentioned earlier, there was less opportunity for student travel until the latter part of the year. There was also a lack of interest from the upper grade teachers to plan, organize, and host a 5th grade science day; this also included not needed custodial support for that day as well. The fifth grade teachers opted for a field trip in lieu of holding the camp. The third discrepancy was +\$7000 for PLC planning and professional development. Teachers did not utilize this as they have in the past resulting in additional funds unused. As a result of the unspent funds, more money was spent in materials and supplies (Title I). Teachers were able to get supplementary instructional material to support instruction and for intervention. A new, updated VR system was also purchased to replace the outdated set that was not able to be supported. The VR is meant to be utilized by students to coincide with subjects being taught in the curriculum to enhance their experiences and understanding.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Landau will continue to fund the programs as in the 22-23 SPSA which include enrichment, interventions, and MTSS topics. Only three Bilingual Paraprofessionals will be funded for next school year out of the site categorical budget, as the district will continue fund one 7 hour bilingual aide. Budgeting for 23-24 will better reflect the actual costs from 22-23.

Budget estimates and proposed expenditures will be made more accurate and more specific wherever possible.

We will continue to refine and discuss our tiered-response MTSS framework for academics to facilitate ongoing growth in school systems that support to each individual student. This work is important for addressing student needs and ensuring progress and success at school.

The 2022 Summative CAASPP results revealed that the "all student" group performed significantly below the standard in both ELA and Math. Despite the 2023 Star Reading and Math assessment results showing progress towards meeting state benchmarks, the on-going impact of distance learning during the COVID-19 pandemic necessitates a greater emphasis on effective tier 1 instruction to support students in achieving grade-level standards. This can be accomplished through utilizing best practices and strategies in Reading, Math, and Writing, focusing on strategies for differentiation and EL students, while integrating Universal Design for Learning to better cater to all learners. Support can be given within the PLC, district academic coaches, and professional developments.

Based on 2022 California School Dashboard Indicators and Star 2022-23 assessments, both SWD and EL student subgroups continue to struggle to perform at the same proficiency rate as their peers. As a result, we will continue to outline actions that we will make to close the achievement gap for SWD and EL students.

Based on the need to supplement our ELA curriculum and address student needs in writing, as evidenced by the 2022 CA School Dashboard Indicators and 2022-23 Star reading assessment results, we will implement actions and services to support this goal. We will focus on working with the teachers to establish best practices and provide coaching opportunities to support that work. Emphasis will be placed on Universal Design for Learning (UDL) and supporting specific student groups such as SWD and EL students. Landau will continue to provide opportunities for interventions during the school day with the support of an Intervention teacher and team of bilingual aides. After school intervention will continue for math and ELA to target specific skills students the teachers determine are lacking based on STAR testing and teacher-made assessments; this intervention is currently financed by the district's Expanded Learning.

For reading instruction in grades TK-5, we will continue the work with early literacy by supporting our students with research-based supplemental curriculum, complementing PSUSD's ongoing efforts in this area. This approach will ensure our students develop the essential foundational skills required for structured literacy.

Based on the positive feedback from teachers and students, Landau will continue to provide enrichment opportunities in the areas of coding and the arts to prepare students for 21st century learning.

Annual Review and Update

SPSA Year Reviewed: 2022-23

Goal 2 – Parent Engagement

Landau's objective is for parents, staff, and community members to participate in the school learning community. We will foster parent engagement in our school community which will lead to better parent involvement in school activities such as ELAC, School Site Council and P.T.G. We will also continue to involve parents, staff and community in our family nights such as Back to School Night, Parent Education Nights ,Science Night, Movie Nights, and Oktoberfest. As part of this goal, we will also make efforts to educate students and parents of the effects of absenteeism on education.

Analysis

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The focus of the Parent Committee was to re-establish the PTG and focus on forming the ELAC this year – as last year it was merged with SSC. The PTG held an informational meeting in September and held three more meetings throughout the year. A new board was established. They successfully participated in the school-wide Oktoberfest, held two movie nights, and helped sponsor the yearly fun run in March. The Parent Committee also helped form the ELAC this school year and secure a DLAC representative. They generated interest by sending home flyers and recruiting key parents. Activities such as cookie decorating during Hispanic Heritage Month were planned for after meetings to generate more interest and attendance. There were on average 10 families represented at each meeting. Translating services were offered and utilized during Trimester 1 and 2 conferences. There were approximately 150 occurrences when parents used a translator. Translating services were also offered during parent events, Title I, and SSC meetings.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The only slight discrepancy that is noted is less than one-third of the budget was utilized for translations services. This is mainly due to more bilingual employees hired to work more hours through the work day. This alleviated the cost for translations during parent conferences, which historically, were much higher. In addition, one of the Parent Committee leads is bilingual and preferred to be the one to translate during the ELAC meetings - this also alleviated costs.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No major changes will be made at this time. Monies allocated will better reflect the actual spending this school year. There will be additional money allocated for staff stipends to expand family nights to a more instructional focus.

Annual Review and Update

SPSA Year Reviewed: 2022-23

Goal 3 – Safe and Healthy Learning Environment

Educate Landau students in character education, support mental health, and encourage students to be safe, responsible, and respectful.

Analysis

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The Lynx Leaders met weekly with the facilitator on campus. They addressed topics such as the Pyramid of Success (SEL) and supporting school events. Additional supervision aide hours were provided as intended. Vacancies were more prevalent this school year and there was some turn-over - Landau was not fully staffed until April 2023. A 7 hour Behavior Paraprofessional worked with all students in grades TK-5. Support was given on the playground during recesses and in classrooms - the main goal is to give students the behavior support they need so instructional time is not missed. Although support was given to all students, there were 12 students that needed daily support which included recess check-in and out, during lunch, and classroom visits. The number of student referrals was minimal and zero suspensions were recorded as of April 2023. Incentives were purchased for students for academics and behavior. Student earned positive behavior points from classroom teachers, prep teachers, and other staff to redeem in a school store. Additionally approximately 20 new books and other incentives were distributed to students weekly as incentives for nightly reading.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

As noted earlier, one of the discrepancies was a result of unfilled supervision aide positions during the school year. Another minor discrepancy of \$2000 was for student incentives. This was Landau's first year with a school store and underestimated the inflated cost of the incentives as the prices increased from years past.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

No changes will be made to this goal outside of making adjustments to the allocations based on the actual expenditures.

Goals, Strategies, & Proposed Expenditures

Goal 1

Increase Academic Achievement

Goal Statement

All students at Landau Elementary School will increase grade level proficiency in standards in the core academic subjects: English language arts, math, social studies and science. EL students will also increase in their English proficiency.

LCAP Goal

All Palm Springs Unified School District students will demonstrate mastery of grade level content and will graduate high school prepared with the academic and technical skills necessary for college and career success.

Identified Need

1. In 2022-2023, STAR assessments indicate a need to continue to focus on early reading strategies with only 49.2% of students in grades TK-1 being proficient on the district Early Literacy assessment. Although this is an 17% increase from 21-22, there is still room to grow. It also shows that in grades 1-5, 36% of our students are reading proficiently on the District STAR test in ELA and only 46.7% are currently proficient in the district STAR math test. Currently STAR estimates that only 23.2% of students in grades 3-5 will score proficient on the ELA SBAC and 17.4% in the math SBAC. On state testing in 2022 Landau remained 26.4 points below standard in ELA and in Math we remained 46.5 points below standard indicating a need to improve first instruction and support student need through targeted interventions.
2. SBAC results in ELA for 22-23 indicated that all major subgroups including English Learners (41.7 points below), Hispanic (30.4 points below), SED (26.6 point below), and SWD (86.8 points below) are below proficiency, indicating a need for targeted support in ELA. SBAC results in math for 22-23 indicated that all major subgroups including English Learners (61.7 points below), Hispanic (52.9 points below), SED (46.9 point below), and SWD (97.9 points below) are below proficiency, indicating a need for targeted support in math.
3. We need to continue to target/focus on science instruction as a school because only 29% of our 5th grade students are meeting or exceeding the standard for Science (CAST). Further focus on implementation of the Amplify Science curriculum in all grades will support us making progress in this area.
4. Our current RFEP rate stands at 2.6%, which is significantly below the rates for PSUSD (18.4%), Riverside County (13.8%), and the State average (15.9%). Our reclassification rate is much lower representing a need to improve supports and instruction for EL students to increase reclassification rate. In 2022, our ELPI indicator reflects that only 49% of our EL's are making progress towards proficiency.
5. Our Students with Disabilities subgroup is currently performing well below non-SWD students. In ELA, SWD are performing 60.4 points lower than our All Student group in ELA and 51.4 points lower in math. In the most recent STAR assessment, 10% of our SWD subgroup met standard as compared to 22% for the all student group in ELA and 10% of our SWD subgroup met standard as compared to 19% for the all student group in math.

6. According to the 21-22 SBAC, our 3rd graders are 42.17% met or exceeded on the ELA test. We need to support the 35.25% of the students who are at a level 1 with more intervention encompassing early reading skills may need to be introduced as well as focus on comprehension.

Strategy/Activity 3

Professional Development for teachers. Teachers will have the opportunity to participate in local conferences as well as build capacity within their own grade level or Multi-tiered System of Support (vertical teams) Professional Learning Communities outside the school setting and/or designated work hours. Teachers will be able to meet as a PLC as requested outside of the work day. To support SWD, ensure that Special Education teachers receive targeted professional development to ensure rigorous, best first instruction aligned to the state standards in math and ELA. This would include release days for SPED teachers to discuss instructional strategies and curriculum.

Goals, Strategies, & Proposed Expenditures

Goal 2

Increase Parent and Community Partnerships

Goal Statement

Landau's objective is for parents, staff, and community members to participate in the school learning community. We will foster parent engagement in our school community which will lead to better parent involvement in school activities such as ELAC, School Site Council and P.T.G. We will also continue to involve parents, staff and community in our family nights such as Back to School Night, Parent Education Nights, Cultural Event Nights, Movie Nights, and Oktoberfest. As part of this goal, we will also make efforts to educate students and parents of the effects of absenteeism on education.

LCAP Goal

Palm Springs Unified School District will collaborate with families and our local communities to develop and maintain positive parent, student, and community involvement and engagement to promote and support student success.

Identified Need

1. Approximately 100 parents completed the LCAP survey this school year. We need to improve efforts to get at least 200 surveys completed in 2023.
2. One question on the Panorama Survey asked parents if they feel their child is safe on school grounds. Parents answered 93% favorable with a decrease of 4% in this last year. Another question asks if parents feel welcome to participate at our school - that is sitting at 89%. It is important to schedule more parent activities to show parents that they are welcome on campus and an important part of their child's education. That action would also educate parents to understand our restorative practices and supports for students which would show them that their child is safe on campus.
3. Additional academic-specific nights need to be offered to parents; at least in-person academic event per trimester. Educate our SWD parents as per the SSC ATSI recommendation to they can understand, support, and better advocate for their child.

Measuring and Reporting Results

Planned Strategies/Activities

Strategy/Activity 1

Establish a Parent Education Committee to create opportunities for parents to feel connected to the school and help organize parent education events. Offer translation for all parent activities which includes, but is not limited to parent conferences, parent education nights, SSC, ELAC, and all after school events. Offer daycare opportunities for parents during parent education events.

Goals, Strategies, & Proposed Expenditures

Goal 3

Maintain Healthy and Safe Learning Environment

Goal Statement

Educate Landau students in character education, support mental health, and encourage students to be safe, responsible, and respectful.

LCAP Goal

Palm Springs Unified School District will provide healthy and physically and emotionally safe learning environments that foster and support all students.

Identified Need

1. There is a continued need for behavioral support and interventions for students even though the suspension rates are at 0% for the 22-23 school year; there have been at least 25 office referrals with at least 12 students needing daily supports from staff. This indicate that classroom teachers need additional support with some student behaviors.
2. The school's student Panorama survey indicates a drop in self-management at 59% favorable (-3%) with all other areas low (self-efficacy at 46%, grit at 54%, social awareness at 61%, and growth mindset at 63%). This indicates that supports are still needed and increased SEL activities at the school.
3. Landau's attendance currently at 90.4% as of April 2023. It is far below the 96% goal that the district has set for attendance. This includes our all students chronic absenteeism rate at 38.2%. Sub groups for ATSI are as follows: SWD 41.1%, white 33.3%. Other sub groups are: EL 38.6% , Hispanic 40.5%
4. Landau needs to maintain the 0% suspension and expulsion rate of the previous years. Continue utilizing alternate means of correction to keep students in school.
5. The overall student sense of belonging/school connectedness according to Panorama has decreased to 73% from 77% in 2019-20. We need to improve on student SEL so students feel they are treated fairly and have someone they feel they can trust at school.
6. Panorama also indicates a decline in student safety. In 2019-20 students were at 67% and the 2022 data shows Landau is at 60%. We need to work with the students on managing their behaviors and using positive words while on campus.

Planned Strategies/Activities

Strategy/Activity 1

Provide opportunities for students to become leaders on campus (Lynx Leaders). Some activities could include but not limited to volunteering for community or school events, participating in and organizing school-wide spirit events, supporting the general school community.

Students to be Served by this Strategy/Activity

All

Timeline

7/1/23-6/30/24

Person(s) Responsible

Administration, Teacher facilitator

Proposed Expenditures for this Strategy/Activity

Amount	1500
Source	LCFF
Budget Reference	1000-1999: Certificated Personnel Salaries
Description	Stipend for Lynx Leader facilitator
Amount	391
Source	LCFF
Budget Reference	3000-3999: Employee Benefits
Description	Benefits for Lynx Leader stipend

Strategy/Activity 2

School Attendance Review Team (SART) will meet at least monthly with parents of students with at-risk attendance and create a watch list and communicate with teachers, with a focus on SWD and White subgroups as per ATSI. As a result of the identification of these students, teachers will support the SART process by following up with no more than three students via phone calls, messaging, etc. (the number will be individualized based on need). Students with increased attendance will be recognized.

Centralized Services for Planned Improvements in Student Performance

The following actions and related expenditures support this site program's goals and will be performed as a centralized services. Note: the total amount of each categorical program must be aligned with the Consolidated Application.

School Goal #1: Increase Academic Achievement				
Actions to be Taken to Reach This Goal Consider all appropriate dimensions (e.g. , Teaching & Learning, Staffing, & Professional development	Start Date Completion Date	Proposed Expenditure	Estimated Cost	Funding Source (itemize for each source)
Math Collaboration and Professional Development	July 1, 2023 - June 30, 2024	Collaboration time for continued professional development and collaborative planning to support the implementation of math routines and strategies for the development of conceptual understanding	6,667	Title I
Primary Reading Intervention Program	July 1, 2023 - June 30, 2024	Provide a dedicated Reading Intervention Teacher, an instructional aide, and intervention instructional materials to support student skill development in reading across grades TK-2	205,062	LCFF
Technology Teacher on Assignment (TOSA)	July 1, 2023 - June 30, 2024	Support students and staff with the integration of technology into instruction	6,083	Title II

School Goal #2: Increase Parent and Community Partnerships				
Actions to be Taken to Reach This Goal Consider all appropriate dimensions (e.g. , Teaching & Learning, Staffing, & Professional development	Start Date Completion Date	Proposed Expenditure	Estimated Cost	Funding Source (itemize for each source)
Family engagement events and classes	July 1, 2023 - June 30, 2024	Parenting Classes on effective strategies and structures. Parent/community engagement events	1,851	Title I

School Goal #3: Maintain Healthy and Safe Learning Environment				
Actions to be Taken to Reach This Goal	Start Date Completion Date	Proposed Expenditure	Estimated Cost	Funding Source (itemize for each source)
Consider all appropriate dimensions (e.g. , Teaching & Learning, Staffing, & Professional development				
Conscious Education Professional Development	July 1, 2023 - June 30, 2024	Training, substitutes and accompanying books and materials	3,703	Title IV
Youth Mental Health First Aid Training	July 1, 2023 - June 30, 2024	Training and accompanying books and materials	2,962	Title IV

Note: Centralized services may include the following direct services:

- *Evidence-based instructional strategies, curriculum development, school climate, and data disaggregation for instructional staff*
- *District-wide staff providing specific services to schools, e.g., English Language Development Coordinator, Teachers on Special Assignment, Instructional Coaches*
- *After-school and Summer School programs funded by categorical programs*
- *Data analysis services, software, and training for assessment of student progress*

Centralized Services do not include administrative costs.

Budget Summary and Consolidation

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$163,972
Total Federal Funds Provided to the School from the LEA for CSI	\$
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$385,059.00

Allocations by Funding Source

Funding Source	Amount	Balance
Title I	161,103	0.00
Title I Part A: Parent Involvement	2,869	0.00
LCFF	221,087	0.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Federal Programs	Allocation (\$)
Title I	\$161,103.00
Title I Part A: Parent Involvement	\$2,869.00

Subtotal of additional federal funds included for this school: \$163,972.00

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation (\$)
LCFF	\$221,087.00

Subtotal of state or local funds included for this school: \$221,087.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Principal	Classroom Teacher	Other School Staff	Parent or Community Member	Secondary Students
Wendy Meka	X				
Sandy Mason		X			
Alicia Ford				X	
Kama Kaina				X	
Isabel Montex		X			
Reanne Bowen-Velez				X	
Alicia Gaspar				X	
Cindy Hosmer			X		
Jessica Torres				X	
Chelsea Casillas		X			
Numbers of members of each category:	1	3	1	5	

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

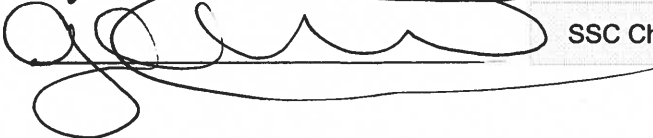

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee
	Other: Leadership Team

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 10, 2023.

Attested:

	Principal, Wendy Meka on 10/10/23
	SSC Chairperson, Cynthia Hosmer on 10/10/23

Title I and LCFF Funded Program Evaluation

Goal #1:
 All students at Landau Elementary School will increase grade level proficiency in standards in the core academic subjects: English language arts, math, social studies and science. EL students will also increase in their English proficiency.

Actions/ Activities (Strategies)	What is working and why? (Effective indicators) <i>Specific evidence/indicators of success/effectiveness in implementing this activity or strategy, including:</i>	What is not working and why? (Ineffective indicators) <i>Specific evidence/indicators showing that this activity or strategy is not working, including:</i>	Modification(s) based on evaluation results <i>Continue or discontinue and why?</i>
Technology for instruction. Provide the teachers additional materials to support and enhance curricular experiences for students. Provide online management for devices as well as intervention sites to improve reading skills. Give teachers STEM support to integrate instructional technology into the classroom.			
Faithful and consistent implementation of effective scientifically research-based instructional strategies, which include explicit skill strategies of: direct instruction, early literacy strategies, process writing, thinking maps, conceptual math, and EL instruction. Materials will be purchased to support the implementation of these strategies (which could include, but not limited to paper, ink, writing instruments, manipulatives, minor instructional technology, and student novels).			
Professional Development for teachers. Teachers will have the opportunity to participate in local conferences as well as build capacity within their own grade level or Multi-tiered System of Support (vertical teams) Professional Learning Communities outside the school setting and/or designated work hours. Teachers will be able to meet as a PLC as requested outside of the work day. To support SWD, ensure that Special Education teachers receive targeted professional development to ensure rigorous, best first instruction aligned to the state standards in math and ELA. This would include release			

days for SPED teachers to discuss instructional strategies and curriculum.			
Bilingual aides will support students during the designated ELD instructional block. In addition, the aides will work with all students (K-5) during the English Language Arts intervention program.			
Provide enrichment experiences for all students. Activities include providing art to all students by contracting a local artist and curricular-based field trips for TK-5. This strategy also includes providing supervision for trips outside the school day that align to the curriculum.			
Student data and testing support for all students. The main goal would be to provide information to the school regarding current testing data to use to make instructional decisions.			
Provide intervention opportunities for students. This could occur during the school day or after school. After school intervention will be funded by the district's Expanded Learning office.			

Goal #2:

Landau's objective is for parents, staff, and community members to participate in the school learning community. We will foster parent engagement in our school community which will lead to better parent involvement in school activities such as ELAC, School Site Council and P.T.G. We will also continue to involve parents, staff and community in our family nights such as Back to School Night, Parent Education Nights, Cultural Event Nights, Movie Nights, and Oktoberfest. As part of this goal, we will also make efforts to educate students and parents of the effects of absenteeism on education.

Actions/ Activities (Strategies)	What is working and why? (Effective indicators) <i>Specific evidence/indicators of success/effectiveness in implementing this activity or strategy, including:</i>	What is not working and why? (Ineffective indicators) <i>Specific evidence/indicators showing that this activity or strategy is not working, including:</i>	Modification(s) based on evaluation results <i>Continue or discontinue and why?</i>
Establish a Parent Education Committee to create opportunities for parents to feel connected to the school and help organize parent education events. Offer translation for all parent activities which includes, but is not limited to parent conferences, parent education nights, SSC, ELAC, and all after school events. Offer daycare			

opportunities for parents during parent education events.			

Goal #3:
 Educate Landau students in character education, support mental health, and encourage students to be safe, responsible, and respectful.

Actions/ Activities (Strategies)	What is working and why? (Effective indicators) <i>Specific evidence/indicators of success/effectiveness in implementing this activity or strategy, including:</i>	What is not working and why? (Ineffective indicators) <i>Specific evidence/indicators showing that this activity or strategy is not working, including:</i>	Modification(s) based on evaluation results <i>Continue or discontinue and why?</i>
Provide opportunities for students to become leaders on campus (Lynx Leaders). Some activities could include but not limited to volunteering for community or school events, participating in and organizing school-wide spirit events, supporting the general school community.			
School Attendance Review Team (SART) will meet at least monthly with parents of students with at-risk attendance and create a watch list and communicate with teachers, with a focus on SWD and White subgroups as per ATSI. As a result of the identification of these students, teachers will support the SART process by following up with no more than three students via phone calls, messaging, etc. (the number will be individualized based on need). Students with increased attendance will be recognized.			
Provide adequate supervision for students during the morning and lunch to ensure safety and welfare and provide appropriate materials as needed.			
Provide additional academic and social-emotional support through a 7 hour Paraprofessional - Behavior. This person will continue the work with our social emotional curriculum by providing individual and group support, and give in class behavior support so students do not miss instruction, and work with students to prevent behaviors so again, instruction is not missed.			

Provide positive behavior incentives for students. Incentives are given for for positive behavior, attendance, and academic and personal achievement (to list a few).
